CAPITAL 2021.

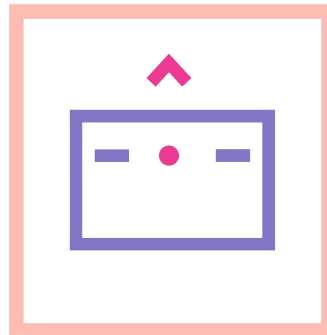

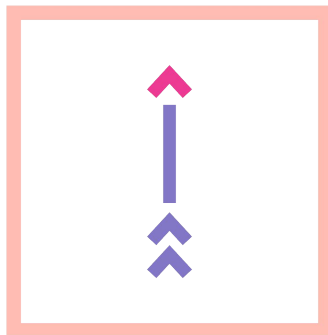

# Network Infrastructure

The idea of growing and strengthening the network of youth organizations at sub-local, local, regional, national and European level, as well as connecting with European Youth Capitals.

# Cloud

In addition to physical environments, presence is also needed in digital environments frequented by young people. Youth engagement should be a top priority combining physical and digital environment.

## Interface

The symbol of deep understanding of users (youth) in information technology, thus giving them opportunities for strengthening their influence and improving their skills to function in a contemporary society (civic competencies, understanding of the human rights, sustainable development, creative and critical thinking).

## Experience

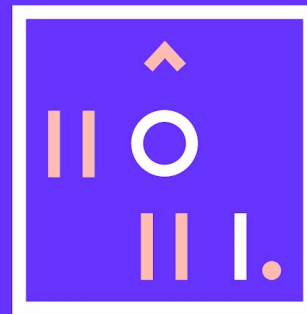

Gaining the experience and utilizing the tools gained throughout the process with the focus on employment, ensuring an environment for young social entrepreneurs, recognizing the volunteering and digital youth work.
